JULIANTO

Bandung, Indonesia | +62 821-1908-6814 | jjulianto08@gmail.com | julianto.vercel.app

Frontend Developer with 4+ years of experience delivering React/Next.js and Vue/Nuxt applications. Experienced in reusable component systems, responsive and interactive UI, API and CMS integration, and supporting projects through testing and release.

WORK EXPERIENCE

Antikode — **South Tangerang, Indonesia**

Frontend Developer — *December 2025 - Present*

- Built responsive, design-accurate interfaces and interactive UI animations using Next.js, React, TypeScript, and Tailwind CSS.
- Initiated a reusable component library adopted across multiple loyalty projects, establishing shared UI patterns for ongoing development.
- Set up frontend project foundations for digital banking applications, following client-specific coding conventions and standards.
- Integrated Next.js frontends with internal CMS and Drupal-backed services managed by backend teams.
- Collaborated with PM, QA, and backend teams on API integration, SIT/UAT feedback, issue resolution, and release support.

PT Neural Technologies Indonesia — **Jakarta, Indonesia**

Frontend Engineer — *July 2025 - November 2025*

- Developed a React and Vite-based internal analytics dashboard with Tailwind CSS and API-connected data visualizations.
- Implemented reusable UI components and responsive dashboard layouts for enterprise reporting workflows.

SALT Indonesia — **Bandung, Indonesia**

Frontend Developer — *July 2023 - February 2025*

- Developed Next.js applications with multilingual pages, CMS-driven content, and responsive user interfaces.
- Implemented SEO foundations, rendering and caching strategies, and integrations with Strapi and backend services.
- Developed unit and end-to-end tests using Jest, Playwright, and Cucumber; supported troubleshooting and production releases.

PT Paninti Hub Indonesia — **Bandung, Indonesia**

Frontend Developer — *May 2022 - May 2023*

- Built and maintained responsive application features using Vue.js, Nuxt.js, Tailwind CSS, and Bootstrap.
- Integrated frontend interfaces with backend APIs and maintained data-driven features across existing applications.

Sampulkreativ Technology — **Cimahi, Indonesia**

Frontend Web Developer — *January 2022 - March 2022*

- Translated design files into responsive, interactive web pages using HTML, CSS, and JavaScript.
- Developed Laravel and Vue.js CMS functionality for a point-of-sale management system.

EDUCATION

SMK Negeri 1 Cimahi — 2018 - 2021

Software Engineering
